NAME

oslma − CUTEr OSL test driver

SYNOPSIS

oslma

DESCRIPTION

The *oslma* main program test drives OSL on SIF problems from the CUTEr distribution.

The object module *oslma.o* is stored in $MYCUTER/*precision*/bin, where *precision* is either "single" or "double", according to your local installation.

USAGE

Compile (but do not link) the OSL source code and copy the resulting object file osl.o in the directory $MYCUTER/*precision*/bin. Launch using osl(1) or sdosl(1).

OUTPUT

NOTE

If no OSL.SPC file is present in the current directory, the default version is copied from $CUTER/common/src/pkg/osl/.

ENVIRONMENT

CUTER

Parent directory for CUTEr

MYCUTER

Home directory of the installed CUTEr distribution.
